Additional Training

The last grading, was mostly full of enthusiasm from the students but has highlighted that there is an underlying problem that will occur unless "plugged" in the immediate future. Although the lower graded students are achieving everything that is expected of them, the higher grades are becoming deficient in some aspects of their training. This can only be identified in the lack of attendance twice a week. Although reluctant to enforce this from blue belt upwards I'd like to encourage students tackle this of their own accord. Some parents were not aware of the option to attend twice a week at only £5 more for the entire month over the existing fees. Obviously this is not intended as a financial gain but is seriously aimed at preparing students for their senior grades including Black Belt. I therefore urge all parents to encourage their children to attend on both days in a bid to raise the already high demand of commitment and to improve potentially deficient areas.

Licence Renewals

When I submitted the last request for certificates from the March grading I was told that many of our members' licences were out of date. Clearly the Association is keeping a close eye on this. Could you please ensure that licences are up to date as this will invalidate your insurance and could have certificates denied in the future. Forms can be downloaded from either the Stubbington website at the following link

or the Association website

Forms are available at the front office however if you return your 2005/2006 card the renewal process can be made considerably easier.
